Art Unit: 1714

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims are so confusing since the original claims 1-9 on pages 21-22 of the specification, Preliminary amendment regarding claims 1, 2 and 8, complete marked-up copy containing claims 1-9 and version with markings to show changes made to claims 1, 2 and 8 (but amendment shows claims 9, 10 and 8) do not match. A submission of a clear and clean form of claims is needed.

Claim 1 of Preliminary amendment is dependent on itself, and thus a meaningful examination is not possible. The examiner will use prior art in next office action after receiving a clear and clean form of claims, and it would be Final Rejection if not allowed.
